*The Great Wall of China is the longest man-made structure in the world with over 6.000 kms. The wall is a discontinuous network of wall segments built by various dynasties to protect China's northern boundary.*

## **Capacity on Demand<sup>©</sup>**

**Do you have difficulties engaging and disengaging the right resources at the right time to achieve your project objectives with the greatest possible efficiency?**

Over centuries the Great Wall has been eroded, rebuilt and extended many times employing millions of workers at various stages of the process.

Our Capacity on Demand<sup>©</sup> is a smart project resource management service that will provide you with faster access to the right expert project resources when and where you need them. We can optimise the flow of skilled and expert resources to support your project or program of work, thereby reducing down-time, fixing problems faster and generating a better return on your project investment.

*"Protegitc is one of Australia's leading independent management consulting companies working across the full spectrum of project management and specialising in the ICT sector. We are committed to ensuring our customers always obtain the best project outcomes."*
